

Game Development - Game Creation

Program: Computer Information Systems

Program Code:

CI_CIGC

Academic Area:

Science, Technology, Engineering and Mathematics

Type:

Associate in Science

CIP Code:

11.0204

Program Statement

This program prepares students for entry into the video game industry. It offers those who want to combine a love of games, fun, and competition the opportunity to develop serious computer skills and prepare for a rapidly expanding career field. In the last two semesters of the program, coursework mimics industry development, as students work in teams to propose and develop a game for distribution. This program is for students interested in the overall creation and packaging of games.

Program Information

- Students who have earned credit at other institutions may be able to obtain transfer credit. Transfer credit approval for any Computer Information Systems (CIS or CIT) course must be approved by the Department Chair or by a full-time faculty member in the department.
- Students may be required to obtain and use specific hardware, operating systems, or applications.

After Bristol

Bristol has established partnerships with several computer game developers. Students have been given the opportunity to do internships and paid work.
