Windows Server Administration Certificate

Program: Computer Information Systems
Program Code:
WA
Academic Area:
Science, Technology, Engineering and Mathematics
Type:
Certificate of Recognition
CIP Code:
11.1001

Program Statement

Learn to use Windows administrative tools to set up, manage, and use basic network services, including file systems, network printing, and security. Students learn how to install and configure all software necessary for using a Windows 2003 network.

Program Information

Plan to spend large blocks of time developing proficiency.

Transfer credit for any Computer Information Systems (CIS or CIT) course must be approved by the CI Department Chair or by a full-time CI faculty member.

Recommendations

Students without basic computer skills should enroll in CIS 111 prior to enrolling in this program.

If started in a spring semester, this program can be completed in two semesters: CIS 121 & CIS 131 in the spring, CIS 231 in the fall.
