

ANS 221: Veterinary Health Care Field Experience & Seminar

This course provides 20 hours per week of skill training and usage under the supervision of licensed veterinary staff with site visits and skill evaluations from Animal Care Science faculty periodically throughout the semester. This course also requires a one hour per week seminar to provide additional topics for increased career success and address issues and experiences gained at the host facility in a timely and educational manner. Prerequisites: ANS 147, ANS 153, and ANS 205 with a grade of C or better. One lecture hour per week and twenty laboratory hours.

Course Student Learning Outcomes

1. Apply interpersonal skills within a veterinary setting. 2. Demonstrate professionalism in performance of veterinary assistant duties within a veterinary setting. 3. Complete ACT Programs Veterinary Assistant Skills Validation Check-List.
