

Biotechnology and Forensic DNA

Program Code:

LF_LFBT

Academic Area:

Science, Technology, Engineering and Mathematics

Type:

Associate in Science

Program Statement

This program is designed to provide the student with the biological and chemical background to seek employment as a lab technician in the biotechnology/biomedical sectors.

Program Information

- This program is designed to prepare students for employment as a laboratory technician in the biotechnology/ biomedical sector.
- Bristol offers several tutoring services and developmental courses to meet your career and academic goals.

After Bristol

- With the continually growing biotech industry in Massachusetts, there is an ever-increasing need for laboratory technicians. The Bristol Biotechnology and Forensic DNA degree prepares students for work in both industrial and academic laboratories.
- Bristol participates in the statewide MassTransfer program with many Public Massachusetts State Colleges and Universities, which provides a pathway for guaranteed admission and transfer of credits to those 4-year institutions. For a list of eligible schools and courses, please visit MassTransfer.
- Bristol has also developed many specific program-to-program transfer/articulation agreements with four-year colleges and universities, including for Biotechnology. For a complete listing of current articulation agreements, visit Transfer Services.
