

#### Computer Aided Design and Manufacturing Certificate

**Program Code:** 

CN

**Academic Area:** 

Science, Technology, Engineering and Mathematics

Type:

Certificate of Accomplishment

### **Program Statement**

This certificate program provides students with the needed skills to become a professional computer-aided draftsperson, mechanical, or manufacturing technicians in the engineering industry. Students learn fundamental concepts of engineering drawing through advanced computer-aided design techniques and CAD/CAM. They will utilize and set up standard machine-shop equipment and operate and program CNC machinery. Students also understand the materials to be processed and technical drawing through the use of AutoCAD, SolidWorks, Inventor, and CamWorks.

### **Program Information**

This program serves as a solid base for continuing on toward a degree with all courses transferring to the college's Automation, Electro-Mechanical, and Mechanical Technology associate degree programs.

Students utilize typical industrial CNC machining centers, high-tech computer equipment, and the latest AutoDesk, SolidWorks, and/or CAM software.

#### **Program Requirements**

| Title                             | Credits  |
|-----------------------------------|--|
| Mechanical Design with Solidworks | 3  |
| Computer Aided Manufacturing      | 3  |
| Fundamentals of Manual Machining  | 4  |
| Automated Machining               | 3  |
| Material Science                  | 4  |
| CAD 101, CAD 112 or CAD 172       | 6  |
|                                   | Mechanical Design with Solidworks Computer Aided Manufacturing Fundamentals of Manual Machining Automated Machining Material Science |

#### Recommended Course Sequence - Semester 1

| Course # | Title                             | Credits |
|----------|-----------------------------------|---------|
| CAD 111  | Mechanical Design with Solidworks | 3       |
| EGR 111  | Fundamentals of Manual Machining  | 4       |
| EGR 172  | Material Science                  | 4       |
|          | CAD 101 or CAD 172                | 3       |

1 2025-26 Catalog

# Recommended Course Sequence - Semester 2

| Course # | Title                        | Credits |
|----------|------------------------------|---------|
| CAD 211  | Computer Aided Manufacturing | 3       |
| EGR 112  | Automated Machining          | 3       |
|          | CAD 101, CAD 112 or CAD 172  | 3       |
|          | Total credits:               | 23      |

## **Category Descriptions**

# CAD 101, CAD 112 or CAD 172

Credits: 6

## Choose two of the following:

| Course # | Title   | Credits |
|----------|---|---------|
| CAD 101  | Computer Aided Drafting   | 3       |
| CAD 112  | Maker Space Projects and Advanced Mechanical Design with SolidWorks | 3       |
| CAD 172  | Mechanical Design Using Inventor                                    | 3       |
