The focus of this program is to establish a strong foundation in the fundamentals of professional theatre-making. This program is designed to provide hands-on training where students can learn their craft experientially. Upon completion of the program, students will be prepared to transfer to a four-year institution and/or begin working professionally. A rigorous course of study that prepares students for the competitive demands of the professional world is met with an inclusive, safe, and nurturing space for artistic exploration and personal growth.

### Student Learning Outcomes

Students will be able to:

1. Create theatrical work informed by dramatic action, circumstance, and relevant artistic tools and techniques.
2. Create designs, performances, and/or scripts that reveal complicated, specific, and rich story elements.
3. Analyze scripts, performances, and/or designs.
4. Research appropriately in the creative process.
5. Collaborate effectively with others in the creation of performances, designs, scripts, and presentations.
6. Evaluate theatrical work.
