

Windows Server Administration Certificate

Program Goals Statement

Learn to use Windows administrative tools to set up, manage, and use basic network services, including file systems, network printing, and security. Students learn how to install and configure all software necessary for using a Windows 2003 network.

Program Information

Plan to spend large blocks of time developing proficiency.

Transfer credit for any Computer Information Systems (CIS or CIT) course must be approved by the CI Department Chair or by a full-time CI faculty member.

Recommendations

Students without basic computer skills should enroll in CIS 111 prior to enrolling in this program.

Students who need basic keyboarding skills should enroll in OFC 102 prior to enrolling in this program.

Program: Computer Information Systems

Type: Certificate of Recognition

Campus

Campus:

Fall River
